

Paris Companies – Dubois, PA

At Paris, we expect our vendors to be partners, and for many years Braun certainly has been just that!

In photo left-to right: CJ Spencer, Braun Regional Sales Manager, Doug McGarry, Production Manager, Paris Companies.

“We have over 20 years of experience with Braun, and recently upgraded our Industrial Wash Alley with a combination of new and remanufactured Braun open pockets, dryers and a shuttle. The Braun engineering team worked hand in hand with our maintenance and operations staff to design and plan the project. The Project Management and Service teams then worked with us to successfully install and complete the project without negatively impacting our ongoing production. At Paris, we expect our vendors to be partners, and for many years Braun certainly has been just that!”
